Signature: _____ Title: _____ Date: _____

Print name: _____

4. HFA ONLINE LICENSING TOOLS

Licenses with an HFA account can have access to our online licensing system, eMechanical, and to online reports of licensing activity. These tools are described further below. If you would like to use HFA Online, you must designate an Administrator(s) responsible for overseeing user accounts for your company s employees as described below. You may designate more than one person with Administrator duties; if your company elects to do this, please send a separate copy of the form for each Administrator.

eMechanical is a web-based mechanical licensing application, which will allow you to apply for licenses for physical and digital products online. Licensees can submit and track the progress of license requests in real time; research their entire licensing account online, not just transactions submitted through the application; and request licenses for digital permanent download singles and albums. Please note that this is not a bulk license request tool; if you are interested bulk licensing, please inform an HFA Licensing agent.

Online Licensing Reports give licensees the ability to view all their licensing transactions online and download this data to their own systems. In addition, these reports will help to identify trends or analyze problems using a set of business analytical tools. The data used by the reporting application is now refreshed on a monthly basis with plans to move to weekly updates. The following reports are available in both Adobe PDF and Microsoft Excel formats: Download of License Transactions, Reports of License Transactions by Status Summary; Status Detail; Release Detail; and Song, and Notice of Song Ownership Changes. The reports may be customized using a series of prompts, or filters. The filters for licensing transactions include transaction type (such as digital), transaction status (such as unsigned), and the reporting period.

To utilize the HFA Online Licensing tools, please complete the following:

The organization(s) identified on the reverse of this page hereby request(s) HFA to open an account for and assign a password to the employee identified below, who will act as an Administrator to oversee access within our organization(s) to HFA s online systems.
